

## Eight Month Old Steel Strike Is Settled Today

### Commissioners Name Scott As President For Another Term Start Filling County Positions

The Adams County commissioners reorganized this morning after being sworn in by the court and began the task of naming persons to county and institution district positions.

E. Donald Scott, Baltimore, Md., who had served as president of the commissioners for the last four years, was re-elected as president of the board. Clarence J. Waybright, Gettysburg, Pa., the other Republican member of the board was elected vice president and the Democratic member, Charles B. Bender, E. Broadway, was named secretary.

Old timers at the court house noted that the new board probably is first with a majority of its members from Gettysburg. Traditionally the commissioners have been from outside Gettysburg and Mr. Scott was the first Gettysburg resident in years to be elected to the office.

**Compensation Change**  
The commissioners learned that their salaries will be \$4,200 a year according to state law. \$3,400 as commissioners and \$800 a year as members of the institution district board, and that they will receive ten cents a mile when engaged in traveling as part of their business. When the commissioners travel the one driving the car gets mileage. The ten cents is an increase authorized by the new state law.

The board also learned that the district attorney will now receive a salary of \$4,700 a year and that the jury commissioners, who up to now have been receiving \$750 per day, will in the future, due to change in the state law receive \$1250 per day. The auditors have also been granted an increase by state law, with the new board receiving \$1250 per day as compared to the former \$10 per diem payments allowed.

Immediately following their own reorganization the board started down over the list of appointments, a task that was interrupted by the need to go to court for the approval of the plans for the new county home. After all appointments are completed positions.

### MITCHELL IS SAFE ON ISLE AFTER WRECK

The Royal Air Force announced today at Singapore that seven missing survivors of the abandoned American freighter Valley Forge are safe on an Indonesian island 50 miles south of Singapore.

A spokesman said the Indonesian Air Force had confirmed the seven including the captain, Peter F. Petrone of Absecon, N. J., were on Buntan Island not far from the scene of the wreck. All 30 other crewmen have been brought here by rescue vessels. All were at a seaman's hostel in good condition except a Philippine American fireman, Perfecto N. Hicero 61 of Manila who almost drowned and was taken to a hospital.

**Grounded On Reef**

The 7,202-ton freighter grounded on a reef in a storm Thursday 55 miles southeast of Singapore. She was en route from Portland, Ore. to India with a cargo of wheat. Besides Petrone the group on the island reportedly includes Chief Mate Carl B. Vineyard Jr. of Waveland, Miss.; 3rd Mate John M. Frangos of Brooklyn, Boat Swain James C. Mitchell of Gettysburg, Pa.; Deckmaster Paul O. Hansen of San Francisco, and Steward Kenneth R. Hayes, an Australian, whose wife Mae, lives in Seattle, and Radio Officer Edmund W. Crull whose wife, Marjorie, lives in Everett, Wash.

Plans to return the survivors to their homes awaited the arrival of the captain and the other crewmen. A message from Buntan said the Indonesian Navy will take more action soonest, presumably meaning it would bring the survivors to Singapore.

Mitchell is the son of Mr. and Mrs. C. D. Mitchell, 218 Chambersburg St. and is a veteran of 15 years of service in the Merchant Marine. He is an Army veteran of World War II.

### Ike Going To South America

BUENOS AIRES, Argentina (AP) — Fresh from his marathon swing through Europe, Asia and Africa, President Eisenhower is expected to visit Buenos Aires late next month as part of a four-nation Latin American tour.

Foreign Minister Diogenes Taborda announced Sunday night that Eisenhower will arrive in the Argentine capital February 24 or 25 for a two-day visit. He made the disclosure after conferring with Argentine President Arturo Frondizi.

There was no confirmation of the visit from Washington but reports have been circulating in the U. S. capital that Eisenhower plans to visit Uruguay, Argentina and Chile after visiting Brazil's new capital, Brasilia, in late February.

In Augusta, Ga., where the President is vacationing, press secretary James C. Hagerty would not confirm the Argentine announcement. Last week Hagerty told reporters a Latin-American tour was under study.

### PRAYER WEEK OPENS SUNDAY AT FAIRFIELD

"The Christian answer to a confused world is no new gospel but the same old gospel we have been preaching," said Dr. J. E. Hartzler of Goshen Ind. in the opening message of the Fairfield Community Week of Prayer services Sunday night in Zion Lutheran Church there. "It is the gospel of truth and love. No man is saved till his mind is saved. No man is saved till his heart is saved."

Drawing on the experiences of his travels which include two trips around the world, Dr. Hartzler took his audience on an imaginary trip through four continents showing how the people of the world are troubled and confused. "We are a nervous nation and our failing is dialectic materialism. We use people and love things. We should love people and use things."

The world is disturbed but not without hope, Dr. Hartzler said. (Continued On Page 2)

### COURT OKAYS COUNTY HOME PLANS; WILL ASK BIDS SOON

The Adams County court this morning gave its oral approval to plans for the construction of a new one-story county home designed to replace the present structures along the Harrisburg Rd.

The new modern home with increased infirmary facilities is one of its chief characteristics. Tentatively scheduled to be placed east of the Biglerville Rd. on part of the present county home property.

The county commissioners then chief clerk Crosby N. Hartzell and the institution district's attorney Donald G. Oyster plus representatives of the architect's office were present to help explain to the court the numerous blue prints that were submitted for approval.

#### To Ask Bids Soon

For the hearing on the county home the court moved to the law library to permit blueprints and specifications to be spread out over large tables and to permit Judge W. C. Sheely and the two associate judges, Clarence Deardorff and Earl W. Guse to study the drawings.

The president of the board of commissioners, E. Donald Scott, expressed the appreciation of the commissioners to the court after Judge Sheely indicated that an order approving the plans will be signed. Scott indicated that the commissioners will probably be seeking bids for the construction of the new home within the next 30 days.

### SAYS PRAYER NOT WEAPON OF CHRISTIAN

"Prayer is not a weapon in the Christian's arsenal but a means of expressing our trust in His presence and care," the Rev. Robert Trone, member of the Bible Department faculty at Gettysburg College, said in the opening sermon of the Universal Week of Prayer services here Sunday evening.

The service was held in the Methodist Church with the host pastor the Rev. William E. Fensler, pastor of the church, conducting the service. The next service will be held Tuesday evening and services will continue through next Sunday evening. All will be held in the Methodist Church at 7:30 p.m.

On Tuesday evening the Rev. Harold Mowen, pastor of the Prince of Peace Episcopal Church will deliver the sermon. The Rev. C. Reynolds Simmons, pastor of the Gettysburg Church of the Brethren, will conduct the service.

Miss Elaine Harmon of the Methodist Choir was the soloist Sunday evening and Harold Ecker was the organist.

"Prayer is not our way of controlling God nor is prayer a genie to do our bidding," the Rev. Mr. Trone said in his sermon. "We are not to pray to gain notice or favor among men but in hiding and behind closed doors. We should pray not to be praised but to praise God. Our prayers are to be simple and plain. We pray not to persuade God to change His plans or to give Him information for He knows what we have need of before we ask it. We should not babble when we pray and there may be danger when we say a prayer is beautiful or 'wonderful long'. Let our prayers be simple and direct expressions of trust and praise."

PITTSBURGH (AP) — The 116-day steel strike cost more than six billion dollars in wage and production losses.

The strike lasted from July 15 until November 7 last year. It was halted by a Taft-Hartley law injunction.

Striking steelworkers and the basic steel industry absorbed most of the loss, but other industries allied to steel also felt the effects.

The half million steelworkers lost an estimated \$1,160,000,000 in wages.

Lost steel production totaled nearly five billion dollars, based on pre-strike operations. The strike shut down about 87 per cent of the nation's basic steel-making capacity.

More than 350,000 workers in steel-related industries were laid off, resulting in additional wage and production losses in unestimated millions of dollars.

### BOY, 11, SHOT BY BROTHER; IS RECOVERING

Ralph Barry Chaplin Jr., 11, was listed as "satisfactory" at the Warner Hospital today after having been shot accidentally by his 13-year-old brother, Eddie Leo Chaplin, Saturday afternoon at 12:45 o'clock while the two boys were playing in a second floor bedroom of their two-story brick home in Mummaburg.

State police said the youngster had secured a .38 caliber Smith and Wesson revolver owned by their stepfather, Harrison Arnold, 30, of Mummaburg.

Police said the youths believed the revolver was empty and the elder of the two boys had pretended to fire several times at the younger youth.

#### Lodged In Back

The hammer fell harmlessly on empty chambers of the revolver during the first several times the elder youth pulled the trigger.

By the last time the revolver had turned to a chamber which contained a bullet and the revolver fired.

Police said the bullet struck Ralph Barry Chaplin in the solar plexus, continued through the body and scratched the backbone, then lodged in the back.

Rushed to the Warner Hospital the child was first listed as critical and for a time it was feared that complete paralysis had resulted from the wound. However, by this morning the hospital listing had changed from critical to "satisfactory" indicating that the youth is recovering from the wound.

### Anti-Semitic Outbursts Spread Around The World

By JAMES F. KING

Associated Press Staff Writer  
Anti-Semitic outbursts under the banner of the swastika spread over the weekend from West Germany around the world—including the United States.

Sneak raiders with paintbrushes smeared synagogues, public buildings and homes of Jews with the Nazi symbol and slogans denouncing Jews.

Jewish and go-enemies, leaders showed growing alarm over the flareup — not in its 12th day — but were divided on whether it signified a resurgence of nazism and other forms of fascism or was mainly the work of malcontents, hoodlums and crackpots.

The swastika and anti-Jewish slogans emerged in widely scattered places across eight countries in Western Europe, in New York and in Australia.

#### Homes Are Painted

The Hitler symbol was painted on three Jewish houses of worship in New York City—including

Mitchell, flanked by President David J. McDonald of the USW, and the chief industry negotiator, R. Conrad Cooper, said he and Nixon had been mediating for the past several weeks at President Eisenhower's request.

#### Voluntarily Accepted

As a result, he said, the differences between the parties were narrowed to the point where the government recommended settlement was accepted voluntarily.

Mr. Donald said the union's wage policy committee had been summoned to meet in Washington at 2 p.m. Tuesday. He will present the settlement terms to the committee.

Mitchell said that pending ratification by both sides the terms would be withheld.

Without going into the terms, McDonald said the settlement means peace and prosperity for the steelworkers. He added that the union is "sound, safe and secure."

#### Pleased With Pact

Cooper said in a statement that "naturally we are relieved that this controversy is over and that the nationwide fear of another steel strike on January 26 has been removed."

The Jan. 26 date is the time when the Taft-Hartley labor law injunction under which the men are now at work would expire. Lacking a settlement the union would have been free to strike again then.

Cooper said the recommended settlement represents a compromise which goes beyond what the companies had previously offered.

But it is clear that in light of all the circumstances at hand, the best course of action was for the companies to accept the recommended settlement," Cooper said.

We hope that the union officers at all levels and the steelworkers they represent will join hands with management in a united effort to improve efficiency and eliminate

and noted that in the Biblical story of Jesus healing the paralytic man by the pool of Bethesda, the reason the man hadn't been healed in the waters of the pool was that he could not get into them in time at the right moment. There was healing in the waters only when they were disturbed. "So perhaps with the world," the speaker said. "It is disturbed but there may be healing in the disturbance."

## EARLY HEARING FOR JUVENILE IN GUNDEATH COURT OKAYS

(Continued From Page 1)

On May 23, 1959, when both youths were fatally injured in an auto accident approximately six miles north of Hanover on the Carlisle Rd.

In another hearing, the court found C. E. Davis, Biglerville, 2, guilty of failure to yield one-half the highway and fined him \$10 and costs. Davis had appealed a hearing before a justice of the peace.

**Gives Oaths Of Office**

During the morning session, the court administered the oath of office to a number of county officials including District Attorney Daniel E. Teeter, Register and Recorder Carl S. Menchey, Prothonotary Herbert W. Miller, Commissioners Clarence J. Waybright, Mr. Scott and Charles B. Bender, Auditors Ruth A. Frey and Arthur M. Weikert.

County Coroner C. G. Crist had previously taken the oath before Deputy Prothonotary Edna Eicholtz and County Surveyor LeRoy H. Winebrenner took the oath before Prothonotary Miller.

Auditor Grayson A. Weigle was not present this morning and thus was not sworn into office. Because of his absence, the other two auditors, Mrs. Frey and Mr. Weikert, postponed until Tuesday organization of their board.

**Grants Two Divorces**

The court set February 8 as the time for a hearing on a petition of Henrietta L. (Filsinger) Minter, Gettysburg, for a more specific bill of particulars by her husband, Norris L. Minter II, E. Middle St., in his suit for divorce from mher and asked that Minter provide for fees for her counsel and court costs. In her petition she stated that her husband is now paying \$13 per week on a court order for her and their child.

The court this morning handed down decrees of divorce in the suit brought by Shirley R. (Laughman) Rohrer, Hanover R. 5, against James Clarence Rohrer, now serving 15 years in the U. S. Penitentiary at Lewisburg on burglary and robbery charges out of Maryland, and to Dolores E. (Clapsaddle) Neill, 26 N. Frankl St. S., from Keith Gilbert Neill, address unknown.

## TWO INJURED IN CAR CRASH

Marlyn L. Kuhn, 17, Midway, remained a patient in the Hanover Hospital Sunday where he was admitted for observation Thursday about midnight following a head-on collision of two cars along the Centennial Rd. about two miles west of McSherrystown. Both vehicles were demolished.

Conecago Twp. police, who identified Kuhn as driver of one of the cars involved, said the car is owned by Kuhn's father, Francis J. Kuhn, Midway.

Police said Kenneth Sirock, 18, Midway, a passenger in the Kuhn vehicle, was treated at the hospital for a deep laceration of the forehead and cuts about the face and scalp and discharged.

Michael J. Clabaugh, 17, of Gettysburg R. 5, who was identified by police as the driver of the second car involved, was admitted to the hospital for observation. He was discharged Saturday. Police said Clabaugh was driving a car owned by his father, Robert Clabaugh, Gettysburg R. 5.

Raymond McMaster, 17, of Gettysburg R. 5, a passenger in the Clabaugh vehicle, was treated at the hospital for a bruised left knee, and discharged, police said. Damage to the Kuhn vehicle was estimate by police at \$250 and to the Clabaugh car at \$1,200.

## EDITOR SAYS CASTRO WILL BE ASSASSINATED

NEW YORK (AP)—Stanley Ross, editor in chief of the Spanish-language newspaper "El Diario," said today on a nationwide television show that Prime Minister Fidel Castro of Cuba will be assassinated or overthrown within 30 to 60 days.

Ross said an invasion of Cuba is being prepared with "some five thousand men, ready to start, not from the Dominican Republic as Castro seems to think, but some other area of the Caribbean."

Ross was interviewed on the National Broadcasting Co. television show "Today" by Dave Garroway. Asked what would happen to Cuba if Castro is assassinated or removed by invasion, Ross replied: "Either his brother Raul will take over and try to tighten the strings and become a real bloody murderer, much more so than Castro has been if that's possible, or one of the exiled groups will take over."

**Ignore Increase Query**

Cooper, asked whether the steel industry will be required to boost prices because of the steel settlement, said: "I do not care to discuss that subject."

All but the final details had been worked out some hours earlier. Just before Mitchell's announcement Mitchell and Cooper had taken on the terms to McDonald's hotel room for a final check-over.

Before matters reached that stage a government official had reported announcement of an agreement might be made "within an hour or so."

First word that a settlement was imminent had come Sunday from New York.

A national metal working weekly, Iron Age, said in New York a 20-month agreement costing the industry about 41 cents an hour was indicated. The publication said this would include a 4-cent-an-hour cost of living increase.

## Seek Solution To Cranberry Surplus

WASHINGTON (AP)—A 13-man congressional steering committee meets this week to map a program to solve the cranberry surplus problem.

A sharp drop in cranberry sales, affecting some 4,000 growers in five states, followed a pre-Thanksgiving announcement by Secretary of Welfare Arthur S. Flemming that part of the crop was contaminated by a weed-killing chemical. Laboratory tests cleared much of the product put on the market, but uncertainties caused many potential purchasers to pass up cranberries.

quarters of the Corona post of Jewish War Veterans.

West German government officials were openly worried and strove to check the wave of hate which began with the desecration of a new synagogue in Cologne on Christmas Eve.

Only in West Berlin did the demonstrators come out in the open. Police broke up 25 neo-Nazi students who raised the swastika flag and sang Nazi songs in a torch-rally Saturday night.

**Smeared Synagogue**

In Austria persons smeared the word "Jews" on a Vienna synagogue and plastered swastikas in several cities and towns in the provinces.

In Britain, police put a guard on the London apartment of Barnett Janney, president of the Jewish Board of Deputies and a member of Parliament, after a telephone caller told Mrs. Janney he represented the "British Nazi party" and "unless the Board of Deputies stops this protesting against what is happening in Germany, we are going to take strong action."

"To prove we really mean business, the offices of the Jewish Chronicle and the Board of Deputies have been attacked," the man added.

Swastikas were smeared on the offices of the newspaper and the Jewish board, and windows were broken. Swastikas also appeared on the European headquarters of the World Jewish Congress in London, and on buildings in Glasgow, Manchester and Dartford.

Just outside Melbourne, Australia, a stone was thrown through a window of a synagogue at St. Kilda. The rabbi blamed hoodlums and said "the attitude of Australians towards us Jews as fellow citizens always has been above reproach."

Swastikas were painted on railway stations in Hawthorn, another Melbourne suburb.

In Italy, an unsigned letter was left on the doorstep of a Milan synagogue threatening to blow it up. The word death was scrawled on the wall of the Jewish center in Parma.

Isolated anti-Semitic incidents also were reported in Denmark, Belgium, Norway and France.

## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

### ONE HUNDRED YEARS AGO

The Festival And Fair: The festival and fair gotten up by the ladies for the benefit of the People's Band came off as previously announced and was truly a grand affair and brilliant success. The period for preparation was short, the times by no means auspicious, yet we knew from the perseverance and energy of our ladies, they would not only carry the matter through but that they would make it pay. The fair opened about 6 o'clock on Saturday evening and the supper at 7 in the two upper halls of the large building of Sheeds & Buehler. The tables in the fair room were so arranged as to show everything off to advantage, while their surroundings were as attractive to the young gentlemen and buyers generally as the articles beneath which they groaned. The halls were brilliantly illuminated and decorated with wreaths, flowers and flags, which showed a remarkable degree of taste on the part of those who fixed it up. The band itself occupied the stage at the west end of the hall and never performed more faithfully or acquitted themselves more creditably than on this occasion. The articles all found ready sale at good prices which swelled the profits beyond the expectations of even the most sanguine. The proceeds were two hundred twenty-five dollars while the expenses were comparatively light. The band is not yet entirely out of debt but are on a fair way to enjoying that comfortable position.

### Valuation And Assessment For 1960:

In pursuance of an Act of Assembly passed the 27th day of July, 1842 the following statement is hereby published by the commissioners of Adams County which exhibits the amount, description and value of the real and personal property, trades, occupations and professions made taxable by the several Acts of Assembly of this Commonwealth.

New building valuation was \$14,625.

### SEVENTY-FIVE YEARS AGO

Lamp Needed: The Get. & Har. and the H. J. H. and Get. Har. road companies have been fixing up the crossing over the Chambersburg pike for the benefit of the pedestrians. But at best it will remain a dangerous pathway on dark nights and as many persons (students and professors at the seminary, as well as citizens) have occasion to travel that way every night a gas lamp or coal oil lamp is badly needed.

The borough authorities have shown a commendable spirit in the way of improving pavements and street crossings and erecting lamp posts where needed. We know of no place in the borough where a lamp post is more needed than at this railroad crossing.

New Officials: The county officers elected last November entered on the duties of their respective offices yesterday: Samuel Eaholtz as sheriff, George E. Stoltz as treasurer, Israel D. Stonesifer as register and recorder, Cicero W. Stoner as clerk.

## Today's Talk

WELL, HERE WE ARE!

There is a solemn thrill about the first days of each New Year that none of us can quite appreciate. And this particular New Year should be the hopefulness of all hopeful years. For it comes with our President's expressed hope of better things. For a world goal of ultimate "peace and friendship — in freedom!"

To achieve this Utopia, though, the entire world must be made over. And the first act must be that of making over each one of us! It cannot be done all at once, however. Little by little — point by point — we must build more strongly tolerant and courageous in mind, feeling and generous in heart, patient in spirit.

Here we are! This is the first thing to be happy about. Work is before us. Let us do our work to its finish — performing well what we undertake. In right doing, we shall not lose heart, we shall not let up. In the cycle of time, we are at the hour of service.

No man or woman is so able that he or she can live to selfish ease. The thought and effort of the entire world must be knit into a fabric of human understanding. Nations must — as individuals — combine to cooperate.

Make way for the goal of universal spirit — by having it within your heart. Radiate it everywhere you go. Compel the world to congratulate you on being here — right now. It must never be sorry. Mix happiness in this New Year of hope — and always serve it hot! No matter what you are called to go through — go through it — with steadiness of faith. Happy 1960 to — you!

Tomorrow Mr. Adams will talk on the subject, "Awaiting the Light!"

### HOME AND THE CHILDREN

What is home for anyway?  
If it's not for children's play?  
What's the use of rugs and chairs  
If they cannot call them theirs?  
Why are rooms and floors and halls,  
Banisters and papered walls  
If they do not furnish joy  
For some little girl or boy?

Who would keep his house or flat  
Echoing with "Don't do that?"  
Who would make his home a tomb,  
Icy cold and filled with gloom,  
Sending little ones away,  
Stilling all their laughter gay  
Just to keep in good repair  
Parlor floor or couch or chair?

Home should never be too neat;  
Better far the marks of feet  
On the varnished rungs of chairs  
And the scratches on the stairs,  
And the glad disorder which  
Prove the home with joys is rich,  
Than the mansion's stiff brocade  
Where no child has ever played.

## GROUP SEEKS A WEEK-LONG MOTHER'S DAY

CHICAGO (AP)—A group of women calling themselves SAPS "think they've been asleep too long — they want to make Mother's Day a full week."

SAPS is short for Society for the Appreciation and Preservation of Spouses, a feminist movement which got off Sunday to a determined if unofficial start in Chicago.

In this case, "spouse" refers only to wives.

The SAPS are foursquare for a National Spouse Week, seven full days in February in which the wives tie the aprons on what they consider the already overappreciated, overpreserved spouses, the husbands.

Mother's Day just isn't enough, according to SAPS founder Margaret Jane Fink, 31, of Chicago, a wife five years and a mother three.

"Mother's Day is just one day a year while men enjoy Father's Day 52 weeks a year," said Mrs. Fink. "Besides, we have to cook on Mother's Day anyway."

Organized a few weeks ago, SAPS already claims some 30 housewives and mothers in the Chicago area and Wisconsin.

## '59 BUSINESS WINDS UP ON GOOD LEVEL

By JACK LEFLER  
AP Business News Writer  
NEW YORK (AP)—Business wound up the exciting year 1959 with the welcome discovery that it has been doing even better than it thought.

The Federal Reserve Board disclosed last week that an overhaul of its index of industrial production showed output has been increasing about 10 per cent faster than earlier figures showed. And also that labor productivity made bigger gains than previous measurements indicated.

The board revised the index to include utilities along with factories and mines, use of new information about industrial output from the latest business census, and a change in the importance attached to various components of the index.

Near All-Time Highs  
Industrial production in December, the board said, was near the all-time highs of the pre-steel strike period. The sharp recovery was helped materially by the strong recovery in the steel industry since the strike was interrupted. Exact figures for December are yet to be issued.

The year ended with a flood of record-breaking sales and earnings reports and predictions of unprecedented prosperity in 1960.

Economists of the Senate-House Economic Committee predicted the nation could look forward to economic growth of 3 to 4 1/2 per cent annually.

1960 To Be Better  
The National Assn. of Purchasing Agents reported a poll showed 75 per cent of its members expect business in 1960 to exceed 1959.

Steel executives and the Commerce Department predicted steel output in 1960 will set a record if there is no strike.

But as 1960 arrived, the steel industry and the Steelworkers Union were deadlocked tighter than ever.

Steel production continued at a near record pace with an estimated 2,687,000 tons or 94.9 per cent of capacity, for this week.

Auto Plants Working  
Automobile plants worked on a curtailed holiday basis but produced around 110,000 cars, bringing the year's output to slightly more than 5 1/2 million. In recession 1958, they built 4,244,045.

Just because Christmas had gone by, shoppers didn't halt their assault on the stores.

Wholesale food prices moved up a penny this week to \$5.74 on Dun & Bradstreet's index, which represents the total cost at wholesale of one pound each of 31 foods in general use. Prices are 9.6 per cent below the \$6.35 level in the similar week a year ago. All through 1959 the index has been lower than its comparable 1958 figure by margins ranging from 2.41 per cent to 10.2 per cent.

Around Business Scene  
Briefly around the business scene: The Chicago Printed String Co. produced 1,600,000,000 yards of ribbon this year — enough, it says, to wrap up the moon 30 times.

The New Haven Clock & Watch Co. closed down in Connecticut after being in business 139 years; said it couldn't compete with cheap imported watches. . . the 518 mutual savings banks in the country reported savings gained \$1,200,000,000 in 1959 to nearly \$3 billion. . . construction contracts in November fell 9 per cent below a year ago because of declines in housing and highway awards.

## ODDS AND ENDS FROM BOYLE'S MAIL OF WEEK

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Do you ever brag that no one could hypnotize you? Well, the fact is that 9 out of 10 people can be put into a trance. But only about one out of four or five can be hypnotized deeply enough to undergo major surgery without an anesthetic.

Weather note: If you want to find which way the wind is blowing, look at the nearest cow. Cows always point their tails toward the wind. When a herd points its tails in several directions, there isn't much wind.

The good old days: Way back in 1885 the average American's share of federal taxes was \$1.98. Today it costs a lot more than that to get someone to help fill out your tax return.

In America there are more phones than teen-agers. But Europe has only one phone for every 15 persons, South America one for every 15, Africa one for every 140, and Asia only one for each 250 people.

Few filaments in nature are stronger than a spider's web. A rope of spider silk one inch thick could hold a weight of 74 tons.

Lo, the nonvanishing Indian! U. S. Indians have increased by 34 per cent since 1890. They now number about 350,000.

### Being Happy Helps

Death of a patriot: George Washington, who lived memorably, also died memorably. He drew his last breath in the last hour of the last day of a week in the last month of the last year in the 18th century. The time, midnight, Dec. 14, 1799.

It was Spinoza who observed that "sadness diminishes or hinders a man's power of action."

So, if you want 1960 to be a productive and fruitful year, begin it by being happy!

## Favored Hanover Opposes GHS Here Tuesday As SP League Opens Its Schedule

Winter sports has its heaviest program of the season this week as all local athletic teams plunge into their schedules for keeps after holiday vacations.

Highlighting the scholastic front will be the opening of the South Penn League as well as the South Penn Junior High circuit on Tuesday.

The South Penn has a "new look" this season and only six teams will be competing. Holdovers from the "old" league are Gettysburg, Hanover, Chambersburg, Waynesboro and Carlisle. Biglerville is the lone new member as the result of the recent withdrawal of Cedar Cliff. Hershey, Mechanicsburg and Middletown played their final league games last year and are now members of another league.

Gettysburg High School's surprising Warriors, winners of four of five pre-league games, meets Hanover High (7-1) here Tuesday evening. The Nighthawks with six veterans on the squad are picked by most to cop the league title.

Hanover, on the basis of pre-league games. Gettysburg, Waynesboro and Chambersburg loom as the main threats to the Hawks. Carlisle, defending champion, has a brand new team that has failed to win while Biglerville, a member of the league for the first time, will have to improve considerably to gain recognition as a contender.

### Loaded With Vets

Hanover's lone loss was to unbeaten York while it won handily from Delone (twice), Lancaster, York Suburban (twice), Mechanicsburg and Boiling Springs. Coach Fred Kreuter employs a 1-2-3 defense as well as all-court press which have proven very effective. The lettermen on the squad are Jim Heilman 5-8, Marlan Dutterer 6-3, John Cromer 6-4, Ted Kehr 6-1, Clarence Lester 6-1 and Hen Mowery 5-7½.

George Forney will probably use Mike Small, Roger Ecker, Greg Maitland, Hardy Nichols and Jimmy Townsend as his starting unit.

One of the largest crowds in years is expected to be on hand Tuesday evening. The junior varsity game will start at 6:45.

Two other league games are scheduled for Tuesday, Chambersburg at Hanover, Carlisle at Biglerville and Waynesboro at Chambersburg.

### Jr. High Games

Six of the eight-team South Penn Junior High League members will pry off the lid to the league season Tuesday, Gettysburg playing at Hanover, Carlisle at Biglerville and Waynesboro at Chambersburg.

The Adams-Franklin League will resume play Tuesday after a two-week layoff due to the holidays.

Games scheduled include Greencastle at Fairfield, Buchanan at New Oxford, Littlestown at Fannett-Metal, St. Thomas at Bermudian and Quincy at Scotland.

### Collegiate Games

Gettysburg College resumes its court program at Navy Wednesday afternoon and then meets Lehigh here on Saturday.

Mt. St. Mary's opens its Mason-Dixon conference schedule at Baltimore on Tuesday. The Mountaineers follow with a nonconference game at Frostburg Thursday and on Saturday entertain Roanoke at Emmitsburg in another M-D game.

## Hunger Strike In Camden Jail Off

CAMDEN, N. J. (AP)—All was normal today at the Camden County jail in City Hall.

The 123 inmates, nine of them women, ate breakfast this morning—although serving time was an hour late as jail officials increased the guard detail in event of trouble.

The 114 men went on a two-meal hunger strike Sunday, protesting the food was "monotonous." The nine women prisoners, however, ate their lunch and dinner.

### Explains Protest

Undersheriff Jack Belf said the protest was started by six men at the noon meal. The other 109 male prisoners joined them—and all refused to eat. They were promptly returned to their cells where they created the commotion before quieting down.

Martin Segal, Camden County sheriff, said an investigation would be made and some disciplinary action probably meted out.

## Woman Is Killed In Pike Collision

MOUNT PLEASANT, Pa. (AP)—Mary Bissell Ried, 40, Parma, Ohio, died today in Frick Memorial Hospital here of injuries suffered in a two-car crash on the Pennsylvania Turnpike Saturday.

The Ried woman was injured when her automobile and a car operated by Edward G. Leitner, 29, Perth Amboy, N. J., collided a mile east of the New Stanton interchange.

## BELIEVES PRO, COLLEGE BALL NEARS ACCORD

By JIM KENSIL  
Associated Press Sports Writer  
NEW YORK (AP)—Southern California's Rod Dedeaux, a one time protégé of Casey Stengel, feels an agreement between organized baseball and the nation's colleges is near, despite lack of official progress.

Dedeaux, president of the American Assn. of College Baseball Coaches, explained it today with no hint of Casey's double-talk.

"Sure, the minor leagues failed to adopt the 'college rule' at their annual convention, but I still feel there is a strong indication that pro club owners are in favor of an agreement."

Dedeaux emphasized that the minors themselves drafted the proposal. "And we came very close to reaching an accord at St. Petersburg," he added.

Dedeaux, who played briefly with Brooklyn when Casey managed the Dodgers in 1935, referred to the proposed rule which would have barred minor league teams from signing college players before the end of their sophomore year.

When the minors turned it down last month, it never came to a vote at the major league meetings that followed.

**Major Seek Agreement**  
"But I expect the majors to take it up at their summer sessions," Dedeaux said. "All this past year I have been in contact with major club owners or their representatives. And there is no doubt that the owners want to have some sort of equitable arrangement worked out."

Dedeaux, coach of the year in '58 when USC won the NCAA title, is in an ideal position to talk with the majors. Besides his college job, he also works on the public relations staff of the Los Angeles Dodgers.

The college coaches, long embittered by the raiding tactics of organized baseball, met in round table discussion today after opening their 15th annual convention Sunday.

The baseball men were the first of eight sports organizations to get meetings under way in a week-long series of annual sessions highlighted by the 54th annual convention of the National Collegiate Athletic Assn.

## HARRINGTON AND HUBBARD IN TV DEBUT

By MURRAY ROSE  
Associated Press Sports Writer  
Slam Harrington, who has done all of his fighting in Honolulu, and Carl Hubbard, who has boxed mostly in Philadelphia, make their national television debuts this week against ranking welterweights. Both have tough assignments.

Harrington, a 26-year-old puncher, faces rugged, free-swinging Gaspar Ortega, 26, of Mexico, in the radio-television (NBC 10 p.m. EST) feature at New York's Madison Square Garden Friday.

Ortega is the No. 6 contender in the 147-pound division.

Hubbard, 23, unbeaten New York-born Philadelphia, takes on classy Rudolph Stutch, 26, of Louisville, the fourth-ranked contender, at the Chicago Stadium (ABC TV, 10 p.m. EST) Wednesday.

Harrington comes in fresh from a fourth-round knockout victory over promising Jerry Hunicutt. The Hawaiian's record is 34-5-1, including 21 knockouts. Ortega's record is 51-17-2, including 21 knockouts.

Stutch whipped Ralph Dupas and Holly Mims in his last two outings to boost his record to 23-6, including 11 knockouts. Hubbard's record is 18-0-2. The two draws were with Willie Grey in prelims.

## Lakers Hope For Boost; New Coach

MINNEAPOLIS (AP)—The Minneapolis Lakers, saved from the poorhouse by Elgin Baylor a year ago, looked to Jim Pollard today to perform another rescue.

The one-time Laker star was named head coach last weekend succeeding John Castellani, who quit in midstream after winning only 11 games and losing 25 in his rookie season.

Some \$50,000 in arrears for the season and languishing in third place in the National Basketball Assn.'s Western Division, the Lakers need a powerful upsurge at the gate and a rapid climb in the won-lost column to salvage the season.

## SCRAPPY WEST TEAM UPSETS EAST STARS

SAN FRANCISCO (AP)—A scrappy, never-say-die West football team has proved again that top names don't necessarily make a winning football team.

The East in Saturday's 35th Shrine classic had 15 Big Ten standouts plus three Notre Dame seniors. But the Westerners, with only a few established stars, outplayed the heavier favorites and wound up 21-14 victors.

The triumph marked the third time in four years the West has pulled an upset.

Aside from three name players—quarterback Don Meredith, the game's outstanding player from Southern Methodist; halfback Dick Bass of College of the Pacific and Stanford and Chris Burford—the West did was made up of fellows prominent in their own areas but not known nationally.

Meredith, who set a new East-West passing yardage record with 243 yards from 19 completions, tossed two touchdown passes with less than three minutes left. One was a 21-yard shot that took on a spectacular end zone catch. Bass caught a low throw, then drove nine yards for the winning touchdown play with less than a minute to go.

## "HAT TRICK" CROWN GOES TO MARSHALL

By THE ASSOCIATED PRESS  
Willie Marshall of the Hershey Bears today went on the American Hockey League record books as the all-time "hat trick" magician.

Marshall scored three goals Sunday night in Hershey's 4-3 victory over the Providence Reds. It marked his 15th AHL hat trick and it eclipsed the record of 12 shared by Phil Hergesheimer.

Marshall's third goal Sunday night came in overtime and it gave the Bears their victory. It also marked the third time this season Marshall has fired home the winning goal in a sudden-death overtime against Providence.

In the two other games on the schedule, the Rochester Americans snuffed out the Springfield Indians, 6-0, and the Buffalo Bisons nipped the Quebec Aces, 4-3, in another overtime.

Rochester had been shut out in its last two games, but the Amerks gave Springfield goalie Marcel Paille a good going over. The game marked Paille's return to the AHL. He had served a two-month stint with the New York Rangers of the National League. Billy Saunders had two goals for the winners.

Bill Bea had three goals for the Bisons in their triumph over the Aces. His third was the clincher. The Bisons fought an uphill battle and had to score twice in the third period to send the game into overtime. It marked the Aces' third straight overtime loss.

## ST. FRANCIS SWEEPS PAIR

The St. Francis Xavier School seventh and eighth grade basketball team swamped St. John's of Westminster 44-25 on Sunday. It was the fourth victory in five starts for the local dribblers.

St. Francis also won the game between the fifth and sixth grade outfits, 19-10. That triumph was the third in four outings for St. Francis.

Games are scheduled for the St. Francis dribblers each Sunday. Games are planned.

## CALIFORNIA, SOUTHERN CAL CLASH TONIGHT

By DON WEISS  
Associated Press Sports Writer  
California's prideful Bears and clutch-shooting Southern California have at it again tonight in a college basketball rematch of Saturday's 65-57 USC victory that snapped Cal's 25-game winning streak.

Meanwhile Cincinnati, the unchallenged national leader now that California has stubbed its toe, makes ready for a two-game road trip signalling its plunge into fullscale Missouri Valley Conference play.

The California-Southern California meeting, on the same Los Angeles court where the Trojans sprang their string-snapper Saturday, actually is a rubber game. Cal, which had won nine straight this season since building up a 16-game streak in its rush to the NCAA championship last March, topped Southern Cal 65-61 in overtime in the semifinals of the Los Angeles Classic last Tuesday.

### 10th For Bearcats

The Trojans, now 8-3 and sure to join the elite in the national rankings this week, got the job done with a smooth-shooting rally after failing to hit from the field in the first 7 minutes.

Cal's loss left Cincinnati, better known as Oscar Robertson & friends, with a solid top-ranking and the longest major streak—a mere 11 games. The Bearcats rolled to their 10th straight this season by shaking away from Dayton's ball control for a 70-63 decision Saturday as Big O scored 32 for a 40.7 season average.

The Bearcats got down to the serious business of attempting defense of their Missouri Valley title this week. They travel to Wichita Thursday and Tulsa on Saturday.

### 4 Majors Unbeaten

Hardly through the pre-conference period, only four major schools remain unbeaten—one of the scrawniest perfect record lists in recent years. With Cincinnati (10-0), the others are Texas A&M (8-0), Villanova (7-0) and LaSalle (6-0). None of the latter three has been tested by a rated power.

Besides California, DePaul of Chicago slipped from the all-winning class over the weekend—losing 75-74 to Louisville. In other significant games, ninth-ranked Bradley crushed sixth-ranked St. Louis 86-64 in a showdown meeting of Cincinnati's top rivals in the Missouri Valley; Purdue and Minnesota thoroughly scrambled the Big Ten picture, with the Boilermakers slamming seventh-ranked Indiana 79-76 and the much-whipped Gophers cuffing Iowa 70-61; and Georgia Tech, tenth-ranked, established itself as top banana in the Southeastern Conference by whipping Kentucky on the Wildcats' home floor, 62-54.

## BEDNARIK IS BEING SOUGHT BY N. Y. TITANS

PHILADELPHIA (AP)—The New York Titans of the American Football League are aiming their checkbook at Charles (Chuck) Bednarik, an all-time National Football League great who announced his retirement at the end of the 1959 season.

Steve Sebo, Titan general manager, said today he has offered the former Penn All-America a three year pact—one year as a player-coach and two years as an assistant to Head Coach Sammy Baugh.

Bednarik a center-linebacker with the Philadelphia Eagles for the past 11 years, confirmed that Sebo had "made me an enticing offer. However, I'm not thinking football now. I start my new job as a cement salesman tomorrow and it is a long range program."

He said of the Titan offer, "I couldn't accept as a player since I'm still under option to the Eagles if I want to play again. If I would consider football again I wouldn't do anything without a friendly understanding with the Eagles."

Home from a player-signing tour of the nation's colleges, Sebo also asserted the Titans hoped to collar Zeke Smith and Jackie Burkett, a pair of Auburn linemen coveted by the NFL champion Baltimore Colts. Smith and Burkett were first round choices of the Colts in the 1958 NFL draft.

### SIGNS 5-YEAR PACT

EVANSTON, Ill. (AP)—Rumors that Ara Parseghian was headed for the University of Florida were stilled Sunday when the Northwestern football coach signed a new five-year contract.

The announcement that the 36-year-old coach will remain at Northwestern was made by Athletic Director Stu Holcomb.

NEW YORK (AP)—Coproducter Martin Gabel has signed up his wife, Ariane Francis, to replace the late Margaret Sullivan in the play "Sweet Love Remember'd." The role was left vacant Friday by the sudden death of Miss Sullivan during the play's first week of try-out in New Haven, Conn. Authorities indicated she may have died of an accidental overdose of sleeping pills.

## Ebbets Field To Be Dismantled

NEW YORK (AP)—Wreckers will move into Ebbets Field next summer to start destroying what once was the home of the Brooklyn Dodgers. The largest single apartment house in the city will go up there.

State Housing Commissioner James W. Gaynor announced Sunday the huge apartment building will cost more than 22 million dollars and will provide apartments for 1,317 families. It is planned for completion by early 1962.

The Dodgers moved to Los Angeles after the 1957 season.

## D-SON MATMEN MEET BULLETS ON WEDNESDAY

Coach Jack Ridinger's Gettysburg college wrestling team will go after its first win of the season when it entertains Dickinson College Wednesday evening in the Eddie Plank gym. The Bullet grapplers will travel to Hempstead, N. Y., to tangle with Hofstra next Saturday.

The Bullets opened their season with a 29-5 setback at the hands of Navy. Dickinson walloped Elizabethtown 31-2 in their first encounter.

Ridinger once again has the services of his top heavyweight, Mike Pacilio, a junior from Merick, N. Y. Pacilio won the Middle Atlantic heavyweight title last season and went on to participate in the NCAA invitational matches at Iowa State University in the 191-pound class. Pacilio got off to a good start this year by pinning his Navy opponent in the first period for Gettysburg's only points. The New Yorker's collegiate record now stands at 16 wins and two losses.

The Bullets, who finished last year with a 7-5 slate, have lettermen Jim Comas, Teaneck, N. J., 123 pounds; Tom Propst, Sunbury, 123; Norm Henry, New York City, 147; Pat Henry, New York City, 157; Jim Hess, Curwensville, 177, and Pacilio. The Henry boys are twin brothers.

Promising sophomores include Norm Maisel, Harrisburg, 130; Jim Schmucker, Islip, N. Y., 147; John Young, Shamokin, 157, and Joe Wang, Philadelphia, 167.

The home match with Dickinson will get underway at 8 p.m., while the Bullets will meet Hofstra at 2 p.m.

## GEN. TAYLOR SCORES CRITICS OF IKE'S RULE

WASHINGTON (AP)—A new book by a former Army chief of staff provided fresh ammunition today for critics of some of the Eisenhower administration's defense policies.

Retired Gen. Maxwell D. Taylor says the theory of massive retaliation has reached a dead end, but reliance on nuclear bombing continues to be the "basis concept which guides our military preparations today."

He contends that budget decisions and the massive retaliation theory dominate defense planning and account for what he calls the relegation of the Army to a minor role with reduced manpower.

Taylor's book, "The Uncertain Trumpet," published today by Harper & Brothers, renews the arguments for a stronger army and a more flexible fighting force which Taylor voiced as Army chief of staff.

"It should be made clear that the United States will prepare itself to respond anywhere, any time, with weapons and forces appropriate to the situation," he writes.

Among other things, he criticizes the Pentagon decision to give the Air Force full control of ballistic missiles, among them the Army-developed Jupiter. He said the Jupiter should be restored to Army operation, and units sent overseas to areas within range of important targets within the Soviet Union.

Mobile bases should be provided for missiles, he said, contending that the Soviets know the exact locations of the fixed bases from which the Air Force would launch its missiles.

## SENIOR, HULA BOWLS PUT LID ON GRID SEASON

By MIKE RATHET  
Associated Press Sports Writer  
Almost half-a-million people sat in concrete stadiums throughout the country during a three-day period last week to witness 10 football games ushering in the new year.

The 10 contests—which drew 480,893—concluded the amateur side of the post-season festivities. The Senior Bowl at Mobile, Ala., Saturday and the Hula Bowl at Honolulu Sunday, all-star games involving players turning pro, will put the lid on the football season.

Neither of the two remaining bowls is expected to top the 100,000 attendance drawn by the Rose Bowl at Pasadena, Calif., New Year's Day.

### Roundup On Last 10

Here's a roundup of the 10 bowls played during the New Year's period:

Rose at Pasadena—100,809 watched as underdog Washington clobbered Wisconsin 44-8 behind the passing and running of All-America Bob Schloredt and the running of elusive George Fleming.

Sugar at New Orleans—93,000 were on hand as Mississippi rode the passing of Bobby Franklin and Jake Gibbs to a 21-0 revenge victory over LSU.

Orange at Miami—75,280 viewed Georgia's 14-0 triumph over Missouri on a perjury charge ended in a hung jury in January, 1953. The district attorney later dropped the charge and said he could not produce enough evidence for a conviction.

**Did Barnstorming**  
Spivey's suit filed Saturday said Vincent J. O'Connor, then assistant attorney for New York, told Spivey and several witnesses that Podoloff "would see to it that Spivey would never play pro ball" no matter how the trial ended.

In New York, Podoloff said the suit was no surprise but declined to comment "until I learn more about it."

The former U.K. player has never played NBA ball. He took up basketball barnstorming after the New York trial and has been playing with the Baltimore Bullets in the Eastern League.

## Report Lewis Out At West Virginia

MORGANTOWN, W. Va. (AP)—"All I know is what I read in the newspapers," says Art Lewis about reports that the West Virginia University Athletic Council has recommended his dismissal as football coach.

"Nobody has told me a thing about it. I'll continue to operate as head coach unless I'm otherwise notified," he said Sunday.

University President Elvis J. Stahr Jr., who may or may not pass Athletic Council recommendations on to the Board of Governors, had no comment.

## SPIVEY SUES NBA PRESIDENT

BALTIMORE (AP)—Former basketball All-America Bill Spivey says President Maurice Podoloff of the National Basketball Assn. has been trying to keep him out of the NBA since his senior year at the University of Kentucky.

# James MARLOW Reports

The Associated Press

WASHINGTON (AP) — In 1960 Vice President Richard M. Nixon will get the best test in a field in which he prides himself: self-control. It will be more than just the most important year in his life. It will be the toughest.

Ever since getting into politics in 1946 Nixon has been an ambitious young man on the way up. The exact elevation was uncertain until he became vice president in 1953. There never has been much doubt since where he was aiming.

Now for a man of 46—he won't be 47 until Jan. 9—he has an incredible future, an almost certain grip on the Republican presidential nomination in 1960 without an opponent in sight.

## Scrutiny Ahead

Because of it this year he will be subjected to the greatest scrutiny of his existence, not only by Democratic foes and independent voters but by Republicans measuring him for White House size.

But it's the criticism which should test his self-control. He will be getting more of it from the Democrats in 1960 than in any previous year. Their dislike for him goes away back.

They condemned him for his campaign tactics before he became vice president and again for the way he performed in the 1954 congressional elections. Since then he has followed a less irritating line.

## Good Talker, Showman

He is a good talker and a good showman. He is aggressive and quick on his feet. But above all he is an excellent planner of his own political future. No one in years has been able to tantalize him into impulsive statements which might hurt him.

But he is facing something special now.

Usually a political party can't concentrate its fire on the presidential candidate of the opposition until he has been chosen at the summer convention.

Since Nixon looks like the sure-shot Republican candidate, the Democrats can start on him right away. They will reach a peak in the campaign, of course.

So Nixon and everyone else ought to be able to learn just how deep his self-control runs. But no one knows better than Nixon, a shrewd politician, that letting himself be pushed off balance into a public display of temper could ruin him.

But even President Eisenhower may have some self-consciousness about Nixon this year. Eisenhower has made more use of his vice president than any president in history. It helped build Nixon's national stature.

No question was raised about it

# BELIEVE GIRL HELD CAPTIVE BEFORE DEATH

PHILADELPHIA (AP) — Philadelphia and Montgomery County police officials have concluded 16-year-old Maryann Mitchell was held captive a full day before her savage murder.

Following a meeting of the officials Sunday, Chief Inspector John J. Kelly said the fatal blow blows were inflicted late Tuesday night or early Wednesday morning. Investigators now believe the girl died within an hour after being beaten.

Maryann's body was found Wednesday in a gully in a desolate "lovers' lane" in suburban White Marsh Township. She had been raped and sexually abused. Cryptic symbols were printed on her abdomen with her lipstick.

## Seeking Car

Police, daily pressing an intensive manhunt and questioning hundreds of persons, say Maryann apparently was fed a hamburger with pickle during her captivity. The food was found in her stomach during an autopsy.

Investigators still are unable to account for her whereabouts since the time she was last seen Monday night by two girl friends. After attending a movie together, they left her waiting for a bus.

Kelly said police are looking for a 1958 two-tone Bel Air Chevrolet. The car was reported seen pulling away Monday night with its headlights out from in front of a lawn where Maryann's purse was found later.

Over the weekend police photographers were sent to the Bridgeport area in Montgomery County where torn parts of blood-stained panties and a garter belt were found beside the Philadelphia and Western Railroad tracks. They took extensive pictures of the area.

Kelly said he was convinced the undergarments belonged to the Mitchell girl.

Officers still are searching for an umbrella, a pair of blue slipper socks, a green scarf and a black leather belt. These items were in Maryann's possession when she was last seen alive. Police also are investigating a possible link between the crime and a pair of broken eyeglasses found near the bus stop where she waited.

Meanwhile, an estimated 3,000

so long as Nixon was just the vice president. But now the use Eisenhower makes of him may be labeled politics by the Democrats, an effort to build up Nixon for the 1960 campaign.

Since Eisenhower is in the most active phase of his own presidency, with plans for wide traveling this year and even a summit meeting, Nixon may be left pretty much on the sidelines until convention time.

# Favor Referendum On Sunday Sales

PITTSBURGH (AP) — The Pittsburgh Convention Bureau supports a proposed state bill that would permit a referendum vote on whether Pittsburgh and Philadelphia hotels should be allowed to sell alcoholic beverages on Sundays.

Charles W. Shaffer, executive vice president of the bureau, urged passage of the bill Saturday in a letter to the Senate.

Such a bill would put Pittsburgh and Philadelphia on an equal basis with other big cities in the country, said Shaffer. He added:

"The bill will also change Pittsburgh's reputation as a Sunday graveyard to a city which conventions will have no reason to shun as many conventions now do."

# '60 POLITICS BEGINNING TO SHOW ON TV

By CYNTHIA LOWRY AP TV-Radio Writer

NEW YORK (AP) — If the first weekend of the new year is any indication of coming events, there are signs presidential campaigning by TV already has begun in earnest.

Within a few hours Sunday Democratic National Chairman Paul Butler and Republican National Chairman Thurston Morton were on different networks lobbying grenades into each other's forts.

Then presidential aspirant John F. Kennedy took over for an earnest half-hour.

## 90 Minutes On Sports

Actually, the Sunday afternoon and early evening interview shows, week in and week out, are preoccupied with politics and politicians. From now until next November we can expect even greater concentration.

Most recent entry into the Sunday afternoon sweepstakes is "Sunday Sports Spectacular," a 90-minute diversion which will devote itself to a different sport each week. The first program consisted of an alleged basketball game played by a troupe called the Harlem Globe Trotters and some well-rehearsed stooges. The announcers persisted in treating the game as if for real.

## Musical Disappointments

Sunday Showcase, on NBC, did a moving and gripping account of photographer Margaret Bourke-White's struggle with Parkinson's disease. Teresa Wright was perfect as the central figure. The play was done with great sensitivity, but even so the operating room scenes were a little hard to take. Dinah Shore was away and in her place NBC tried a musical comedy "Around the World With Nellie Bly." Any resemblance to a movie with a similar title was purely accidental. A shame, too, because Janet Blair is a talented, bright star.

## SHOCKED BY DEATHS

WILMINGTON, Del. (AP) — J. James Ashton, head of Delaware's safety council, said today it was the first time in 30 years Delaware has started a new year "with such a shocking number of highway fatalities."

Six persons died in traffic accidents over the long holiday period which began at 6 p.m. Thursday and ended midnight Sunday. Two small children perished in fires.

# Alleged Slayer Of Priest Seen Jealous

BUFFALO, N.Y. (AP) — A man charged with first-degree murder in the slaying of a Roman Catholic priest apparently thought a woman was rejecting him in favor of the priest, police say.

Alfonso Catalano, 77, a retired laborer, had received communion from the Rev. Vincent Belle, 38, an assistant pastor at Holy Cross church, a few hours before the priest was found slain New Year's Day in his automobile in the parish garage.

A middle-aged mother of eight had refused Catalano's attentions, police said, and Catalano had accused the priest of improper conduct with the woman.

A solemn requiem mass was sung this morning at St. Joseph's Roman Catholic Church here.

# ROBBER HAS CONFESSED FOUR MURDERS

LAS VEGAS, Nev. (AP) — A slender ex-convict says four members of a prominent Kansas farm family met death last November because he and a fellow robber "didn't want any witnesses."

Authorities said Richard Eugene Hickock's signed statement Sunday night supplied all the answers to the Clutter family murders, a case that had puzzled Kansas Bureau of Investigation agents for weeks.

Hickock, 38, formerly of Edgerton, Kan., tape-recorded his admission and then signed it. Agents said it implicated Perry Edward Smith, 31, of Las Vegas.

## Waive Extradition

Smith, questioned separately, declined to confirm or deny that he participated in the quadruple slayings. Agents said he asked to see Hickock's statement but was refused.

The bodies of Herbert Clutter, 48; his wife Bonnie, 45, and their children, Nancy Mae, 16, and Kenyon, 15, were found in their home west of Garden City, Kan., the morning of Nov. 15. Clutter's throat had been cut and all four had been bled, gagged and shot.

Hickock hinted in a hallway after telling in the statement how Clutter's throat was cut and then how he and the others were shot, one by one.

Both he and Smith waived extradition.

# Visiting Marine Is Killed In Crash

WOONSOCKET, R. I. (AP) — A U. S. Marine, visiting here for the holidays was killed Sunday and his fellow Marine host was seriously injured when the car in which they were riding struck a utility pole.

Pvt. Francis Brennan, 18, of Scranton, Pa., was pronounced dead at the scene after fire fighters worked for 15 minutes to release his body.

Pvt. Eugene Provoyeur, 17, who was stationed at Camp Lejeune, N. C., with Brennan, suffered two broken legs and head injuries.

Provoyeur's brother, Roger, 16, who police said was the operator of the car, suffered a fractured shoulder.

# Two Hospitals To Work On Cancer

PHILADELPHIA (AP) — The American Oncological Hospital of Philadelphia has entered into a man Medical College and Hospital.

Oncological Hospital is the only cancer hospital in the tri-state area of Pennsylvania, New Jersey and Delaware.

The affiliation will permit Oncological Hospital to expand its cancer research program and Hahnemann to strengthen its cancer patient care.

# Doctor, Paramour Face Two Charges

LOS ANGELES (AP) — The state launches its case today against wealthy surgeon Dr. R. Bernard Finch, 41 and his pretty paramour, Carole Tregoff, 23.

They are charged with murder and with conspiring to murder the tennis-playing physician's 33-year-old wife, Barbara, last July 18. Both have pleaded innocent.

A jury of six men and six women was impaneled last week. The prosecution says it may take a month to present its case.

PHILADELPHIA (AP) — Mrs. Harry Shapiro, wife of the former Pennsylvania secretary of welfare, died Sunday at her home here. She was 72.

Mrs. Shapiro, the former Elizabeth Rantz, a native of Russia, was brought to Philadelphia as an infant. She and Shapiro were married in 1911.

Besides her husband, Mrs. Shapiro is survived by two sons, a daughter, and two sisters.

ATLANTIC CITY, N.J. (AP) — A crippled 76-foot fishing vessel arrived in port today under a Coast Guard tow slowed by rough winds and seas.

All four men aboard the distressed Seaspark were reported in good condition.

The scallop dragger began to take on water and sent an emergency call Sunday night after one of two diesel engines failed.

## Jersey City, N.J. (AP) — A

shoeshine boy asked a service station attendant Sunday whether some spilled gas would ignite if he threw a match into it. The attendant said it would. Out of curiosity the boy threw a match. A car was badly damaged, three pumps ruined and four firemen slightly hurt when fumes from the main gas tank exploded.

# EXPLOSIVE ISSUES FACE NEW CONGRESS

By JOHN CHADWICK

WASHINGTON (AP) — Legislators will come to grips with a string of politically explosive issues in a new election-year session of Congress starting Wednesday.

Leaders of both parties have signaled for full speed ahead, in hopes of winding up the session before the opening of the Democratic national convention in Los Angeles on July 11.

Many of the issues have a familiar ring—civil rights, federal aid for education, interest rates, defense spending, budget balancing, minimum wage rates, foreign aid, and farm programs.

## Not Enough To Override

In another familiar field, housing, Rep. Albert Rains (D-Ala.) proposed Sunday a billion-dollar government advance for purchase of FHA and GI loans on lower priced homes. He said he will introduce an emergency home ownership bill to make more mortgage funds available.

Democrats outnumber Republicans 281 to 152 in the House, with four vacancies. In the Senate the lineup is 65 Democrats to 35 Republicans. But in both branches the Democratic margin falls short of the two-thirds majority required to override a presidential veto.

President Eisenhower used his veto power with telling effect last year, forcing the Democrats either to compromise or to give up on some of the measures they favored.

## "Policies Of Appeasement"

Americans for Democratic Action called on congressional leaders Sunday not to let the President's budget "take precedence over genuine solutions of the nation's most important problems."

Samuel H. Beer, national chairman of ADA, which describes itself as an independent liberal political organization, said that "legislative policies of appeasement and compromise have produced neither good legislation nor clear issues."

# New D. A. Sets Up New Blue Law Rule

ALLENTOWN, Pa. (AP) — George J. Joseph, who takes office today as district attorney of Lehigh County, says his office will prosecute only Blue Law complaints brought to court.

He adds he doesn't intend to assume the role of policeman in enforcing the ban against sale of certain items on Sunday.

Joseph succeeds Dist. Atty. Paul McGinley, who has pressed enforcement in the country, long a center of controversy.

Meanwhile, Two Guys From Harrison, a huge Whitehall Twp. discount house, operated Sunday without interference from law enforcement officers. Last week six persons were cited for selling restricted items.

# Man's Fitting Tattoo Leads To Recapture

LEWISBURG, Pa. (AP) — Escaped prisoner James F. Sweeney was back in Lewisburg Penitentiary today after hard luck apparently caught up with him again.

The 25-year-old trusty, who was serving a sentence for car theft, escaped Friday night by walking away from the prison farm.

Police picked him up on Route 230 near Gaithersburg, Md., Saturday. He was driving a Pennsylvania Department of Property and Supplies car.

They identified him by the "hard luck" tattooed on his knuckles.

# SHORT PROBE OF HIGHWAY DEPT. IS SEEN

HARRISBURG (AP) — A proposed investigation of the State Highways Department may be a one day affair.

Sen. George N. Wade (R-Cumberland) originally planned a full-scale probe based on criticism of Pennsylvania's interstate road program by U. S. Comptroller General Joseph Campbell.

The Campbell report, which claimed delays and a lack of economies in Pennsylvania's federal highway program, was prepared in October 1958, but released only last month.

## Short Probe

Wade, chairman of the Senate Highways Committee, called a hearing for January 19 to air the Campbell charges.

"When we called that meeting, we were under the impression it was a new report," said Wade. "I'm disappointed. I thought the report was a fresh one."

However, he termed it a "whole-some thing" to give the department a "thorough looking over."

Wade said the hearing before the House and Senate Highways Committees, would consider both the 14-month-old Campbell report plus an automotive safety foundation report made about the same time.

"I think we're going to have a short investigation," he said.

Westmoreland County, died Saturday in St. Francis Hospital. He was 67.

Hospital officials said Devlin underwent heart and throat surgery about a week before his death. He took a serious turn after the throat operation, they reported.

# TO ARRAIGN HARGROVE IN SNIPER DEATH

PAINESVILLE, Ohio (AP)—Floyd E. Hargrove was scheduled for arraignment in Municipal Court today on a first-degree murder charge in the sniper slaying of the man whose wife he loved.

Although Hargrove admitted shooting Charles R. Clark, 35, through a window of the Clark's home in nearby Mentor Christmas Eve, no weapon has been recovered and there are conflicting details in his account, authorities said.

Hargrove, 35-year-old delivery truck driver and gospel worker, was arrested three hours after Clark, a Sunday School superintendent and Bay Shore teacher, was stricken in the night temple by a rifle slug.

Clark's beautiful, brunette wife, Lois, 30, and Hargrove's divorced father, five, admitted an eight-month love affair that broke off a few weeks ago. Sheriff William B. Evans said.

Mrs. Clark, mother of four, was not implicated in the shooting in any way, authorities said. She spent the weekend with her children at the home of Clark's parents in Rochester, N.Y.

At first, Hargrove denied the killing, then a week ago he admitted it. But he was unable to produce the rifle and the detector tests indicated his confession was false. Released last Tuesday he went to his mother's home in Toledo where he was re-arrested. New Year's Day Saturday he made a second confession.

Before he went to Toledo, authorities said, Hargrove told a friend he bought a rifle and had killed Clark because he wanted to marry Mrs. Clark. The friend relayed the information to Mentor's chief of police, Frank D. Hahy.

BRUSSELS, Belgium (AP)—King Baudouin of the Belgians returned Saturday from a three-week tour of the Belgian Congo.

# Ike Will End His Vacation Tuesday

AUGUSTA, Ga. (AP)—President Eisenhower will end a nine-day working vacation Tuesday with his budget and State of the Union messages in just about the form in which they will go to Congress.

Eisenhower will fly back to Washington for whatever final polishing still may be required. Sessions with key advisers over the weekend mounted the messages into near-final form.

# 2 DEMOCRATIC CANDIDATES TO BATTLE IN WIS.

WASHINGTON, AP—Two announced candidates for the Democratic presidential nomination appeared certain today to wage a major battle in Wisconsin.

Sen. Hubert H. Humphrey (D-Minn.) said today he considers the April 5 Wisconsin primary "the heart and core of my political prospects." Sen. John F. Kennedy (D-Mass.) said he knows of no reason why he would not enter the same contest. Both have campaigned widely in the state.

Kennedy's formal announcement Saturday let his entry only in the New Hampshire primary, in which he is not likely to have a position. He said Sunday he will announce within four or five weeks whether he will file in Wisconsin and other states.

**Predicts Wisconsin Win**

Humphrey said in an interview he believes he will win in Wisconsin and added "The Wisconsin primary is at the very center of my efforts. It is the heart and core of my political prospects."

Kennedy said Sunday in a radio-television interview—NBC Meet The Press—that he would run in representative primaries if Humphrey is willing to enter them. Kennedy said he was confident the two would be running against each other in at least two primaries and that he expects to win.

But he declined to issue any challenge to Humphrey, saying he would prefer to "let Sen. Humphrey decide where he is going to run."

As for the Wisconsin contest, Kennedy said "I know of no reason why I might not enter that, or many other primaries."

Humphrey said his next visit to Wisconsin will be Jan. 17 when he will meet boosters at an informal session in Milwaukee. After that, he said, he will make frequent weekend trips to Wisconsin to complete "county by county, city by city and very extensively in the rural areas."
